THE VIKING 58'C. A YACHT THAT GIVES TRUE MEANING TO THE TERM, "WORLD-CLASS."

ZF MODEL BW 165P-2

diesels couple the highest power-to-weight ratio with low maintenance, outstanding economy and unfailing reliability. The MANs deliver their enormous power smoothly, reliably and efficiently through a world famous ZF Marine transmission. This quest for perfection continues with the use of computer-customized, Super Thrust propellers.

Seven Viking Convertibles\* from 38' to 68'. Yachts that give true meaning to the term, "World-Class."
